

## EBERSWALDE CITIZENS' BUDGET

# Appendix 1: Strengths and talents

Here you will find some suggestions for strengths and talents that can be important in developing project ideas.

Please do not be modest. Tick off all the strengths and talents you have. It is important to be aware of your own strengths and talents and the strengths and talents of others before starting a joint project.

(10 = this statement is completely true; 1 = this statement is not true at all)

- I have a lot of imagination and often come up with funny ideas.
- I am good at working with others on new ideas.
- I am good at listening when others present their ideas.
- I am good at agreeing with others on a plan or project.
- I am good at persuading others to join me.
- I am good at finding out who could support a plan or project.
- I am good at drawing and making posters.
- I can tell when something is missing or when something should be done differently.
- I am good at playing games.
- I am good at putting groups in a good mood
- I am very patient when something doesn't work right away.
- I have a lot of stamina.
